E. Cunniff Certificate Secretary

Legionella Control Association Limited. www.legionellacontrol.org.uk

Registered in England and Wales No. 8502723

Compliance with relevant health and safety regulations (including avoidance of, or reduction of risk to, exposure to Legionella) is the sole responsibility of the statutory duty holder, being the person in control of the premises or systems where any relevant risk is present. The Legionella Control Association (LCA) Code of Conduct is designed to help service providers establish appropriate management systems to control the risk from Legionella. The LCA assesses the systems of LCA members upon initial registration, reviews annually upon re-registration, and re-assesses by periodic company audits. The LCA cannot and does not carry out other regular supervision of its members' commitments to the Code of Conduct nor their compliance with other LCA guidelines. A valid LCA certificate of registration only confirms that a service provider has satisfied LCA requirements for registration and re-registration. It does not confirm the service provider's actual compliance with their commitments to the LCA Code of Conduct and/or other LCA guidelines. The LCA does not approve specific products or services as being effective in controlling Legionella or verify the competence of service providers' staff and sub-contractors. The LCA accepts no liability for any omission or any act carried out in reliance on the LCA Code of Conduct or other LCA guidelines, or any loss or damage resulting from non-compliance with such documents.
